Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security and safety policies. In addition, as required by the Higher Education Opportunity Act, the University includes information about the University's fire prevention practices and systems, as well as fire-related statistics. The material that follows is designed to familiarize you with issues of safety and security at Lewis University.

Lewis University strives to provide a safe and secure environment for students, staff and visitors. As a microcosm of society, it is not immune to the problems that occur in most communities. The potential for criminal activity to occur at Lewis University or any regional campus is a reality that must be taken seriously. It is only possible to maintain safety and security when everyone: students, faculty, staff and visitors take an active part in the effort. All members of the University community are encouraged to take the time to read the Annual Security and Fire Safety Report, which can be accessed and printed from the University Police website: www.lewisu.edu/police

For further information on campus safety or to obtain a hard copy of this report, call: (815) 836-5222 or extension 5222.

University Police

A Message from the Chief:

The Lewis University Police Department supports students in their academic and personal journeys through a model of community policing focused on student development. Our numerous educational programs, interactive activities and approach to behavioral interventions are meant to foster a relationship with the Flyer community built on trust and collaboration. Our team of public safety professionals has specialized training in numerous areas relevant to supporting a diverse campus of learners.

As a University alum, a Flyer dad and the Chief of Police, I am personally invested in our students' success. It is my expectation that our officers conduct themselves with the highest level of professionalism and humanity, while demonstrating their respect for the individual dignity of each of our community members. I encourage students, parents, faculty or staff to stop in with a question, compliment or complaint any time. The coffee maker's always on and the door's always open.

Mike Zegadlo (Class of 1996 & Class of 2002)
Chief of Police

The Lewis University Police Department

The Lewis University Police Department is comprised of both sworn, certified Police Officers and civilian Campus Safety Officers. The Lewis University Police Department is commissioned under the authority of the Private College Campus Police Act (110 ILCS 1020) which gives authority to a private university Board of Trustees to pass a resolution commissioning a police department. Lewis University Police Officers are armed and possess law enforcement authority including powers of arrest. Typically, at least one sworn Police Officer is on duty at all times. Police Officers are supported by civilian Campus Safety Officers. These officers provide a 24-hour presence on campus.

The Lewis University Police Department has the authority to enforce Illinois State statutes and Village of Romeoville ordinances in addition to University policies as outlined in the Lewis University Student Handbook. University police also have the authority to issue State, Village and University traffic and parking citations, which are either processed through the Will County Circuit Court or paid directly through the University's electronic citation system. As the University is private property, University Police may ask persons for identification at any time to determine whether individuals have a lawful purpose to be on the campus.

Criminal incidents may be reported to and investigated by University Police or in collaboration with local law enforcement. The Lewis University Police Department maintains a law enforcement agency agreement with the Village of Romeoville which establishes a formal partnership between the Romeoville Police Department and the Lewis University Police Department to provide mutual assistance as needed. The University Police Department also has agreements with the Illinois State Police to provide resources. All crime victims and witnesses are strongly encouraged to immediately report crime to the University Police Department. If a crime occurs at a regional campus, the local police department where the campus is located should be notified. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

Jurisdiction

The Lewis University Police Department has law enforcement jurisdiction on university property and areas contiguous to campus. The Romeoville Police Department and Will County Sheriff's Police have primary jurisdiction in areas off campus, but Lewis University Police Officers may respond to University-related incidents that occur in close proximity to campus. If the local municipal police are contacted about criminal activity occurring off campus involving Lewis students, local police may notify Lewis University Police. However, there is no official policy requiring such notification. Students in these cases may be subject to arrest by the local jurisdiction in addition to being referred to the University's student conduct process. When a Lewis University student is involved in an off-campus offense, University Police Officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Romeoville Police Department may jointly investigate serious on-campus incidents with Lewis University Police. As

appropriate, University Police may assist Romeoville Police as requested by the Romeoville Police Department.

Mutual Aid

The Lewis University Police Department is party to certain mutual aid agreements. These consist of a Law Enforcement Agency Agreement with the Romeoville Police Department, the Illinois Law Enforcement Alarm System (ILEAS) Mutual Aid Agreement and a LEADS (Law Enforcement Agencies Data System) Message Service Agreement with the Illinois State Police. The Law Enforcement Agency Agreement with the Romeoville Police Department primarily deals with jurisdictional boundaries and procedures related to mutual aid and collaboration. The University Police Department membership in ILEAS provides for reciprocal service to protect the communities of Illinois in the event of a critical incident. The LEADS Message Service Agreement with the Illinois State Police permits Illinois State Police to provide LEADS (Law Enforcement Agencies Data System) messaging service and record entry and removal on behalf of Lewis University Police. The University Police Department also maintains a working relationship with the Federal Bureau of Investigation through its campus liaison program.

Data Collection / Publication

As required by the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, crime, arrest and student conduct referral data is requested from various sources including local law enforcement agencies with jurisdiction over Lewis University regional campus sites. As data is available from these sources, it is recorded in this report as well as uploaded to the U.S. Department of Education website (<https://ope.ed.gov/campussafety/#/>). University community members are annually notified via a campus-wide email of the availability of the report which is posted at:

<http://www.lewisu.edu/student/services/security/campuscrime.htm>. Lewis community members and prospective students / employees may request paper copies of this report by contacting University Police at (815) 836-5222 or extension 5222.

Crime and Emergency Reporting and Response

The University Police Department is the central reporting agency for all crimes occurring on campus. Investigations will be conducted by University Police in cooperation with other University officials and, as necessary, other local authorities.

For emergency situations University Police may be contacted through the University phone system at extension 5911 or by dialing (815) 836-5911. For non-emergency assistance, dial extension 5222 or (815) 836-5222. The dispatcher can immediately contact police personnel, Residence Life staff and /or local police, fire, or emergency medical services if necessary. Dialing "911" from a campus phone or from a cell phone while on campus will connect the caller with a local public safety answering point, but will not connect to the Lewis University Police Department.

When violent crimes are reported to the University Police Department, the following victim support services may be involved:

- Dean of Students - ext. 5275
- Director of Residence Life and Student Conduct – ext. 5581
- Director of Wellness – ext. 5455
- University Ministry - ext. 5617

Local outside agencies may be involved depending on the nature of the crime, including:

- Romeoville Police Department - (815) 886-7219
- Romeoville Fire Department - (815) 886-7227
- Lockport Township Fire Protection District - (815) 838-3287
- Will County Sheriff's Department - (815) 727-8570
- Illinois State Police (District 5) - (815) 726-6291
- Will County States Attorney's Office (815) 727-8453
- Guardian Angel Community Services (domestic violence) (815) 729-0930
- Illinois Department of Children and Family Services (800) 252-2873

University Police Communication Center personnel are available 24 hours a day to answer calls. In response to a call regarding a reported crime, University Police personnel are dispatched to make contact with the reporting party and take a police report. University Police can assist community members in notifying the appropriate local law enforcement agency, when the reported crime occurred outside of University Police jurisdiction. In response to emergency calls for service, University Police will be dispatched to the scene and may summon additional outside resources as needed.

University Police incident reports involving alleged violations of University Behavioral Standards are forwarded to student conduct personnel for review. Regardless of action taken by student conduct, a criminal investigation may proceed independently. If assistance is required from other agencies with jurisdictional authority, University Police will contact the appropriate agency.

Campus Security Authorities

Campus Security Authorities (CSAs) are federally mandated crime reporters. The intent of including non-law enforcement personnel in the role of CSA is to acknowledge that some community members and students in particular may be hesitant about reporting crimes to the police, but may be more inclined to report incidents to other campus-affiliated individuals. To further encourage the timely reporting of incidents affecting the campus community, the Clery Act identifies four categories of CSAs:

- University Police;

- non-police security staff responsible for monitoring University property;
- people / offices designated under Lewis University policy as those to whom/which crimes should be reported;
- and “officials with significant responsibility for student and campus activities.”

CSA Crime Reporting

CSAs are encouraged to report to University Police, on a timely basis, all crimes reported to them. Under the Clery Act, however, CSAs are only obligated to report Clery Act qualifying crimes which occurred on campus, in public areas bordering campus and in certain non-campus buildings owned or controlled by the University. CSAs should only report those crimes that have not been previously reported to University Police or another University CSA. A pastoral or professional counselor, who is functioning within that scope at the time a crime is reported, is not considered a CSA and not required to report crimes but is encouraged to review crime reporting options with reporting parties.

When a crime is reported to a CSA, the CSA should first ask the reporting party if they would like to report the incident directly to University Police. If so, the CSA should contact University Police. If the reporting party does not want University Police contacted, for Clery Act qualifying crimes, the CSA must complete and submit a [Campus Security Authority Crime Report Form](#) which is available at the [University Police website](#), www.lewisu.edu/police. The Report Form can be submitted online, faxed or mailed (Lewis University Police, One University Parkway, Romeoville IL 60446) Note, if the reported crime or incident involves an emergency, the CSA should immediately contact police. For additional information on the Clery Act or CSA crime reporting responsibilities, visit <http://clerycenter.org/>

CSAs have an important role in complying with the Clery Act, which was enacted to help create a safer University community. Timely reporting of crimes by CSAs allows the University the opportunity to review whether or not a community “Timely Warning” should be issued and assists in maintaining accurate crime data. With timely and accurate crime reporting, the University can maintain accurate records of incidents and determine if there is a pattern of crime with regard to a particular location, method, or offender and, as appropriate, alert the community to potential danger. Anonymous reports received by University Police may be investigated under certain circumstances.

Timely Warnings

Timely warnings, will be disseminated by Lewis University utilizing method(s) likely to reach members of the affected campus community when the reported incident is a Clery Act crime that:

1. Is reported to a Campus Security Authority or University Police in a timely manner;
2. Occurs in a Clery Act defined location and;
3. Is determined, in the judgment of the Lewis University Police Department (LUPD), Dean of Student Services, or designee, to represent a serious or continuing threat to University community members.

Issued timely warnings will not include the names and other identifying information of victims.

The Clery Act does not require universities to issue timely warnings on Clery Act crimes occurring outside of the geographical areas as defined by the Clery Act, or on non-qualifying Clery Act crimes. However, designated University officials may, at their discretion, choose to provide timely warnings on crimes outside of Clery Act timely warning qualifying parameters. In short, the University will inform community members of any emergency or dangerous situation when it represents a serious, immediate or continuing threat to the health or safety of University community members.

Timely Warnings are typically distributed for the following crimes:

- Murder/Non-negligent Manslaughter
- Negligent Manslaughter
- Rape (criminal sexual assault)
- Fondling (criminal sexual abuse)
- Robbery
- Burglary (not including burglary to a motor vehicle)
- Aggravated Battery
- Motor Vehicle Theft
- Arson

Each criminal incident is considered individually. Factors in considering an incident for timely notification include: reviewing the facts surrounding a reported crime, the nature of the crime, the crime occurrence location, the serious or continuing threat to the campus community, and the possible risk of compromising law enforcement efforts.

LUPD may not issue a Timely Warning for Clery Act crimes if:

1. LUPD, or another law enforcement agency, apprehends the suspect(s) and the serious or continuing threat to members of the Lewis University community has been mitigated by the apprehension;
2. A report was not filed with LUPD or if LUPD was not notified of the crime in a manner that would allow LUPD to post a “timely” notice for the University community.

Emergency Notification

An emergency notification is an announcement to inform the University community about a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

An emergency notification expands upon the definition of “timely warning,” as it includes both Clery Act crimes and other types of emergencies (examples: a fire, infectious disease outbreak, active shooter, terrorist attack, natural disaster, weather emergency). For additional information on community emergency notification, see the “Emergency Preparedness” section in this report.

Emergency Notification and Timely Warnings Review Process

The Chief of Police may, as time permits, consult with the Dean of Students or Provost (or designee) to determine whether a notification for a reported crime shall be issued to the affected University community. All University Police incident reports are reviewed to assess whether incidents reported to University Police represent a serious or continuing threat to University community members.

The Chief of Police (or designee) may recommend the content of notifications in consultation with the Provost, Dean of Students or / and the Director of Media Relations. However, in the event of a critical, rapidly developing incident, the Police Officer in charge has the authority to activate the campus emergency notification system. The Director of Media Relations (or designee) is responsible for maintaining scripted messages within the system for immediate activation by police telecommunicators. Select University administrators also have the authority to initiate the emergency notification system.

Lewis University utilizes a service called “RAVE” to send message(s) very quickly to the entire campus community via phone call, email, and text message. Additionally, social media platforms such as Facebook, Instagram, X and the University website may be utilized to disseminate information.

The University may provide follow-up information to the community as determined to be necessary / appropriate. Members of the larger community who are not affiliated with Lewis University, but need additional information, may visit the University website for updated emergency information.

If emergency notification systems fail, the Campus Emergency Planning Team will initiate emergency actions and communicate life safety guidance in conjunction with activation of the campus emergency operations plan.

Notifications will generally include a succinct statement describing the incident, the location and time it occurred, suspect(s) location (known or unknown), suspect(s) description, method of operation and / or possible connection to previous incidents, injuries sustained by the victim(s), if relevant, and personal safety information to aid members of the University community in protecting themselves from becoming victims of a similar crime and to promote overall safety.

Missing Student Notification Policy and Procedures

Federal law (20 USC 1092 (j) Section 488 of the Higher Education Opportunity Act of 2008) requires that the University establish a policy on reporting a student missing from on-campus student housing, advising how students can designate a missing person contact person, and how the missing person contact information will be used.

If any person believes or receives notice that a Lewis University (student) is missing, he or she must immediately notify University Police at (815) 836-5911. University Police will generate a missing person report and initiate an investigation, and if the person is determined to be missing, will initiate the required notifications as per federal and state laws.

Students have the option to identify a missing person contact to be notified by Lewis University in the event the student is determined to be missing for 24 hours. If a student has identified such an individual, Lewis University will notify that individual no later than 24 hours after the student is determined to be missing. Students may confidentially register, add or update a missing person contact at:

<https://www.lewisu.edu/student-services/housing/emergencyform.htm>

The Lewis University Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Lewis University Police Department gives missing person cases priority over property-related cases and does not require a specific amount of time to have passed before beginning a missing person investigation.

University Police will accept any report, including a telephone report, of a missing student. If University Police determine that a student for whom a missing person report has been filed has been missing for 24 hours, then, no later than 24 hours after the student has been determined to be missing, University Police will:

1. Notify the individual(s) identified by the student to be contacted in such circumstances.
2. Notify a parent or guardian if the student is less than 18 years old and not emancipated.
3. Notify appropriate law enforcement agencies in compliance with all statutory requirements.
4. Notify the Dean of Students, Director of Residence Life or Provost.

The student provided missing person contact information will be registered confidentially and will be accessible only to authorized campus officials and may not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation. In the event of a missing student determination, University Police will investigate and follow procedural protocols outlined in the University Police Missing Persons Policy (Policy #415, Lewis University Police Department Policy Manual). The Office of Residence Life is responsible for maintaining missing student contact notice documentation in accordance with record retention requirements outlined in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC 1092(f)).

Regardless of whether the student has named a confidential missing student contact person under this Policy, University Police will notify any appropriate law enforcement agencies in compliance with all statutory requirements no later than 24 hours after the time the individual is determined missing. Lewis University may issue community notice(s), including photograph(s) of the student, to assist in locating a missing student.

Emergency Preparedness

Emergencies can occur at any time without warning. Being prepared to handle emergencies, disasters, accidents, and injuries is essential. This is an individual as well as an organizational responsibility.

All members of the University community should become familiar with emergency preparedness procedures and plans by reviewing detailed information posted on the University's Emergency Planning webpage: www.lewisu.edu/emergencyplanning.

The more prepared you are, the better you will be able to respond in an emergency. Any questions you may have should be directed to University Police at extension 5222 or 815-836-5222.

Community Notification

Lewis has several methods of emergency communication. These systems include an emergency notification system (RAVE) that utilizes phone calls, text messaging and emails. Social media and the University website may also be used for emergency communications. Other methods of disseminating information, include but are not limited to: posting fliers in public places, faxes and notifying local media.

Emergency Communication Capabilities

Emergency Notification System, "RAVE," is an automated service provided by an outside vendor that makes phone calls, sends (SMS) text messages and transmits emails rapidly when activated to alert community members. Because Lewis University might need to contact you before you arrive on campus in an urgent emergency situation, it is important that all possible means of contacting you at home and at work are current in the campus database. For instructions on how University community members can enter or update their emergency contact information, contact the Service Desk at (815) 836-5950 or visit:

<http://www.lewisu.edu/welcome/offices/hr/emergency.htm>

University Police Role

The University Police Department is integral in providing critical information in an accurate and timely manner that can be used by senior University administrators to assess the need to authorize and issue emergency communications to the University community. On receiving notification of an incident, Lewis University Police Department leadership will alert University officials of the situation as appropriate. University Police personnel have the authority and capability to activate emergency notification systems in critical incidents when consultation with University administrators is not possible.

Authorization to Direct System Activation

The following individuals or their designees are authorized to direct that the emergency notification system be activated: President, Provost, Chief of Police and Director of Media Relations. In critical incidents, when time constraints require prompt action, the Police Officer in charge of an incident may direct the emergency communications system to be activated.

If the emergency notification systems fail, the Campus Emergency Planning Team or Campus Incident Management Team will initiate emergency actions and communicate life safety guidance in conjunction with activation of the emergency operations plan.

Evacuation

Campus buildings have a notification system for emergency evacuation. In most buildings this is a fire alarm system. Whenever the alarm system sounds and/or voice command for evacuation is sounded, everyone must leave the building or move to a safe location.

Emergency Response and Evacuation Testing

The RAVE system is tested regularly. The University Police Department will conduct evacuation drills of all residence halls at least once each academic year. Emergency response and evacuation testing may be announced or unannounced. For each test, the University documents a description of the exercise including the date and time of the drill. Evacuation test documentation is maintained by the University Police Department and is conducted in collaboration with the Romeoville Fire Department.

As a living document, the Lewis University Campus Emergency Operations Plan (CEOP) is drilled via completion of exercises annually and revised each year to increase operational efficiency and maintain the highest level of preparedness, response and recovery capabilities. Federal and State legislation require colleges and universities to annually update, exercise, and notify the campus community as well as state authorities.

Crime Prevention and Public Safety

Public Incident Log

The University Public Incident Log is available on the web at: <http://www.lewisu.edu/student-services/security/crime-log.htm>. The Public Incident Log is posted each month. For more recent incidents not yet posted, community members may inquire at the University Police Department. The Public Incident Log contains reported criminal and non-criminal incidents. The Public Incident Log typically includes the nature, date, time, general location, brief synopsis and disposition of each incident. The University will not disclose personally identifying information of victims in any public statement or report.

Crime Prevention and Safety

As a microcosm of society, Lewis University is not immune to the problems that occur in most communities. The potential for criminal activity to occur on campus or any regional site is a reality that must be taken seriously. It is only possible to maintain safety and security when everyone: students, faculty, staff and visitors take an active part in the effort. Situational awareness is the first step in self-protection. Simple, common sense, proactive measures are the most effective means of maintaining property security and personal safety. Students and employees who practice crime prevention can make the community a safer place to learn and work. The common tenets of crime prevention are straight forward: remain alert and attentive to potential dangers; don't put yourself or your property at risk; and immediately report suspicious activity to the police. A safe and secure campus is everyone's

responsibility. Community members are encouraged to visit the University Police website to access a variety of information on safety, security and crime prevention www.lewisu.edu/police.

For copies of printed materials or to schedule a safety or crime prevention program, contact University Police. Community education programming requests can be submitted electronically via the police department website at: <http://www.lewisu.edu/student-services/security/programrequest/index.htm>. In addition to the Violence Against Women Act content provided in this report, information about preventing and responding to sexual misconduct and gender-based violence is available through the LU Cares page at: www.lewisu.edu/lucare.

Theft

Theft is the most common crime on campus. Mitigating crime is accomplished by removing one of three necessary ingredients for a crime to occur: opportunity, desire or ability. Since stopping a thief's desire to steal or taking away his physical ability to steal is virtually impossible, we must focus on removing opportunity. The techniques described below are designed to reduce the opportunity for theft and increase risk for a would-be thief.

- Lock your office, vehicle or residence hall.
- Secure all valuables out of sight.
- Practice situational awareness - watch for and immediately report suspicious activity and behavior.
- Ask unescorted visitors entering your office or residence hall to identify themselves and explain the purpose for their visit. This can be done in a friendly way by asking, "Hi, can I help you find someone?"
- Request identification from persons who wish to repair or remove property.
- Report criminal incidents on a timely basis to University Police or a Campus Security Authority.

Emergency Phones and Call Boxes

Community members should familiarize themselves with the campus emergency phones and call boxes. They are housed in bright yellow, black or brown boxes or brown towers with a blue light overhead. Campus maps which indicate the locations of emergency phones are available on- line at:

<http://www.lewisu.edu/campuses/romeoville/maincampusmap.htm>.

Campus Facilities and Building Security

Access to and Security of University Residence Halls

Resident students are responsible for making their visitors and guests aware of University policies. Residents may be held responsible for the conduct of their visitors and guests. Access to residence halls is limited to residents and their invited guests through designated entrances. All campus residence halls remain locked at all times. Dual purpose buildings with both residential and office or classroom space are segmented and secured with residential areas remaining locked. All residential facilities are networked into the University's electronic access control system. Resident students are issued key cards to access residential buildings.

Other Facilities

Many athletic and cultural events on campus are open to the public. The University bookstore, library, academic and administrative and dining facilities are also open to the public during regular business hours. Academic buildings are usually open from 7:00 a.m. until 10:00 pm on weekdays and as needed on weekends.

Security Considerations in the Maintenance of Campus Facilities

Lewis University is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. The Facilities Department maintains the University buildings and grounds, including lighting, sidewalks, roadways, and landscaping. The Facilities Department conducts routine checks of lighting on campus. University Police regularly patrol campus and report malfunctioning lighting and unsafe physical conditions to the Facilities Department for correction. Community members are encouraged to report any deficiency in lighting or other unsafe facility conditions to the Facilities Department at (815) 836-5404.

Reporting Safety Hazards

To report any safety or security hazard you may encounter, contact the Facilities Department at (815) 836-5404, or University Police at (815) 836-5222. Residence Life can also be contacted for non-emergency safety or security hazard concerns in the residence halls at (815) 836-5581. For safety or security hazard concerns in the residence halls after hours, contact the Residence Life staff on duty at extension D-U-T-Y (x3889) or from an off campus line at (815) 483-4231.

Video Surveillance and Recording

The Lewis University Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations on campus to detect and

deter crime, to help safeguard against potential threats to the community, to help manage emergency response situations during natural and man-made disasters and to assist University officials in providing services to the community.

The Lewis University Police Department has the operational authority to select, coordinate, operate, manage, and monitor the public safety video surveillance system.

Only department-approved video surveillance equipment shall be utilized. The installation of "dummy" cameras is prohibited.

Only public areas where no reasonable expectation of privacy exists will be monitored.

Images from each camera are recorded in a manner consistent with the underlying purpose of the particular camera. Cameras are not normally monitored in real time and only record video images and not sound.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

Fire Safety

Overview

The Higher Education Opportunity Act (Public Law 110-315) requires all United States academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics for residential facilities. The following public disclosure details all information required by this law as it relates to Lewis University.

Student Housing

All resident students and Residence Life staff receive fire safety training each academic year. Each student is given access to the Student Handbook and the University Emergency Planning webpage, which include information on fire safety and appropriate action to take during a fire alarm or fire emergency. Emergency evacuation maps are installed in residential buildings to direct occupants to primary and secondary exits. Residential fire drills are conducted annually.

Fire Alarm and Protection Systems

General Description: Fire alarm systems consist of manual and programmable pull stations, visual/audible alarm devices, addressable smoke detector/sound bases and smoke/heat detectors in individual sleeping rooms, corridors, common area and mechanical spaces.

Fire Alarm Testing and Inspection: Pull station, horns, strobes, bells, smoke/heat detectors, batteries and fire alarm panels are inspected semiannually and annually. Smoke detectors are cleaned, inspected and tested annually. All inspections and testing are performed by a certified fire alarm company in accordance with National Fire Alarm Code NFPA 72.

Automatic Sprinkler System and Fire Pump: Automatic sprinklers are tied into the fire alarm system. The sprinkler systems and fire pumps are inspected and tested semiannually by a certified inspection company in accordance with NFPA 13A.

Residence Hall Fire Safety Policies

Candles and Incense

The possession or burning of incense or candles is not permitted in the residence halls. Any candles or incense located in student rooms will be confiscated and disposed of.

Electrical Appliances/Cooking

Due to the dangers associated with overloading the electrical circuits and cooking in the residence halls, only the following U/L listed electrical appliances are allowed in the rooms: clocks, radios, stereo equipment, televisions, VCRs, DVD players, personal computers, heating

pads, razors, hair dryers, irons, study lamps, coffee pots, small hot pots, and popcorn makers. Ceiling fans and air conditioners are prohibited.

Care should be exercised by residents not to overload outlets; multi-socket outlets should not be used at any time. U/L listed surge protectors or power strips are recommended. Extension cords are prohibited. The cooking of meals in residence halls is expressly prohibited except in the common residence hall kitchens. Barbecuing is allowed outside of the residence hall provided the rights of other residents are not violated (i.e., noise, litter). Barbecuing near the windows of the residence halls is prohibited. Combustible materials and liquids such as lighter fluid are not permitted in residence halls.

Microfridges are provided in each residence hall room with the exception of North Hall, in which suitemates share a full-size microwave and refrigerator. No other refrigerators/microwaves are permitted. Food may be kept in the rooms provided that such food is not left open and perishable food is properly refrigerated. No torchiere halogen lamps are permitted as they present a fire hazard. Additionally, no space heaters are permitted unless issued to students by the Residence Life or Facilities staff.

In Case of a Fire on Campus

In the event of a fire, smoke or an explosion, stay calm and activate the nearest fire alarm pull station.

Call police at extension 5911, (815) 836-5911 or 911.

Follow posted room/building evacuation routes and account for all occupants of the room. Do not use elevators.

If trapped in a room, close as many doors as possible between you and the fire. Place cloth material around and under the door to stop smoke from coming in. Signal from windows and call to advise police of your location.

Provide assistance to individuals with disabilities in relocating to specified refuge areas and notify police of these individuals and their location.

If you must pass through smoky area, stay low and breathe shallowly using cloth or fabric as a filter.

Before opening any door, check first to see if it is hot to the touch. If the door feels hot, do not open it!

Never re-enter the building once you have evacuated it unless instructed to do so by emergency personnel.

Whenever a fire alarm is sounded, all persons must evacuate the building in a safe and orderly manner through the nearest fire exit to an open area away from the building. The Residence Life staff in conjunction with University Police will oversee the evacuation of the residence hall areas. Obstructing and/or disregarding the instructions of firefighting personnel, police or Residence Life staff will result in disciplinary action and possibly arrest.

Fire Department personnel, along with Lewis University Police personnel, will determine when it is safe to re-enter the building. If a false alarm is witnessed, this violation should be reported to the police immediately.

Lewis University is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below is a summary of all fire alarm activations and fire investigations reported by the Lewis University Police Department in 2022.

Student Conduct

Students arrive on campus with varying backgrounds and experiences. During their years at Lewis, students develop lasting relationships as they face the academic and social challenges of life. Personal growth and development, a sense of personal responsibility, respect for the individual and the rights of others, and an appreciation for Catholic and Lasallian values are all essential for a student's successful advancement toward his or her educational goals at Lewis University.

As a faith-based university, Lewis is a community of many persons whose cooperation and mutual relationships contribute to the educational process. All members of a community share rights and duties, each according to his or her own role. Rights are balanced by responsibilities. The University has established certain conditions which it has determined are essential for the achievement of its educational mission. The University reserves the right to sanction inappropriate behavior on the part of any student whose conduct is detrimental to this mission. Conduct incompatible with the University community, which is therefore disruptive of our educational environment, shall be subject to conduct action and/or action taken by the local authorities. The University has established policies for behavior which ensure that a healthy environment for living and learning exists. Students are responsible for the policies defined in the Student Handbook as well as all behavioral standards in other documents governing student life.

Irresponsible, disrespectful, unsafe and destructive behavior has a ripple effect within the University community and, therefore, it is essential that each individual's rights and privileges are protected.

Violating University Behavioral Standards disrupts the University. Sanctions in response to violations of the codes are outlined in the Student Handbook and depend on both the kind of behavior and the severity of the breach in policy. All persons in the presence of any violation of the behavioral code will be documented and are subject to disciplinary action. New policies may be defined by the Office of the Dean of Students as necessary.

Off-Campus Behavioral Standards

Students must comply with all applicable local, state, or federal criminal laws, whether on- or off-campus. Violation of any such law may lead to sanctions imposed by the University, regardless of whether the conduct constitutes a violation of the Student Community Standards. In determining whether to impose sanctions in response to a student's violation or local, state, or federal law, the University shall consider whether the student's conduct is in violation of the University's Behavioral Standards or whether the student's continued presence on campus poses a serious threat to themselves, other people or property. In any case in which the University learns of off-campus violations by a student, referral of that student may be made to the Conduct process and/or administrative action may be taken.

Sexual Misconduct, Stalking, Dating Violence and Domestic Violence

Statement of Compliance with Violence Against Women Act (VAWA)

In addition to Lewis University's Policy on Sexual Misconduct, Stalking, and Dating and Domestic Violence, the University makes the following statement of policy, as required under the federal Violence Against Women Act amendments to the Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Statistics Act. Lewis University does not discriminate on the basis of sex in its educational programs. Sexual harassment and sexual violence are types of sex discrimination. Other acts are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking.

This statement of policy informs the community of Lewis University's comprehensive plan with respect to sexual misconduct, including educational programs and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus. Lewis University prohibits the offenses of domestic violence, dating violence, sexual assault and stalking, as defined by federal law, applicable state and local law, and University policy, and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the University community. For a complete copy of Lewis University's policy on Sexual Misconduct, Stalking, and Dating and Domestic Violence, see: www.lewisu.edu/lucares.

Definitions

Consent: Under Illinois law, consent is defined as "a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent." 720 ILCS § 5/11-1.70. The law continues by stating that "[a] person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct."

Domestic Violence: The complete Illinois Domestic Violence Act can be found at 750 ILCS §60/101, et seq. Under that law, "domestic violence" is defined as "physical abuse, harassment, intimidation of a dependent, interference with personal liberty or willful deprivation but does not include reasonable direction of a minor child by a parent or person in loco parentis." 750 ILCS § 60/103. Prohibited domestic violence directed at a "family or household member" includes "spouses, former spouses, parents, children, stepchildren and other persons related by blood or by present or prior marriage, persons who share or formerly shared a common dwelling, persons who have or allegedly have a child in common, persons who share or allegedly share a blood relationship through a child, persons who have or have had a dating or engagement relationship, persons with disabilities and their personal assistants, and caregivers as defined in Section 12-4.4a of the Criminal Code of 2012. For purposes of this paragraph, neither a casual acquaintanceship nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute a dating relationship."

Dating Violence: In Illinois, the Illinois Domestic Violence Act prohibits "physical abuse, harassment, interference with personal liberty or willful deprivation" directed toward "persons who have or have had a dating or engagement relationship." 750 ILCS § 60/103. "[N]either a casual acquaintanceship nor

ordinary fraternization between 2 individuals in business or social contexts shall be deemed to constitute a dating relationship.” Id.

Sexual Assault: In Illinois a person commits “criminal sexual assault” if “that person commits an act of sexual penetration and: (1) uses force or threat of force; (2) knows that the victim is unable to understand the nature of the act or is unable to give knowing consent; (3) is a family member of the victim, and the victim is under 18 years of age; or (4) is 17 years of age or over and holds a positions of trust, authority, or supervision in relations to the victim, and the victim is at least 13 years of age but under 18 years of age.” 720 ILCS § 5/11-1.20.1

Stalking: In Illinois, a person commits the criminal offense of “stalking” when “he or she knowingly engages in a course of conduct directed at a specific person, and he or she knows or should know that this course of conduct would cause a reasonable person to: (1) fear for his or her safety or the safety of a third person; or (2) suffer other emotional distress.” 720 ILCS § 5/12-7.3(a)2.

Education and Prevention Programs in Compliance with Clery Act

The University has developed an educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation; and educational activities, programming and training on an ongoing basis to all employees and students.

The Office of Student Services is the primary provider of gender-based violence education and prevention on campus. Examples of programs include:

- Annual training to Peer Ministers and Resident Assistants regarding victim support and reporting.
- Annual “bystander intervention” training provided to each inter-collegiate athletic team.
- Presentation to new students during SOAR (Student Orientation Advising and Registration).
- Required on-line training modules for new students.

Lewis University does not tolerate sexual misconduct of any type. Our Catholic, Lasallian tradition sees each and every human as created in the image of God, full of dignity and worth. Sexual misconduct is a serious affront to one’s dignity as a person. Sexual misconduct includes but is not limited to sexual harassment, non-consensual sexual intercourse, non-consensual sexual contact and sexual exploitation, and other gender based misconduct, as defined below, including: stalking, dating violence and domestic violence.

A. Sexual Harassment

Unwelcome, gender-based verbal or physical conduct that is sufficiently severe, persistent, or pervasive and objectively offensive that it deprives someone of educational or employment access, benefits and/or opportunities and is based on power differentials, the creation of a hostile environment or retaliation.

B. Non-Consensual Sexual Intercourse:

- any sexual intercourse (anal, oral, or vaginal),
- however slight,
- with any object,
- by a man or woman upon a man or a woman,
- without effective consent and / by force.

C. Non-Consensual Sexual Contact:

- any intentional sexual touching,
- however slight,
- with any object,
- by a man or a woman upon a man or a woman,
- without effective consent and / by force .

Consent:

Consent is clear, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Effective consent can be given by words or actions, as long as those words or actions create mutually understandable permission regarding the conditions of sexual activity -- who, what, when, where, why and how sexual activity will take place. In order to be effective, consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sex, that they want to stop, or that they do not want to go past a certain point of sexual interaction, continued pressure beyond that point can be coercive. In order to give effective consent, one must be of legal age. If you have sexual activity with someone you know to be—or should know to be—mentally or physically incapacitated (alcohol or other drug use, unconsciousness or blackout), you are in violation of this policy.

- Any time sexual activity takes place between individuals, those individuals must be capable of controlling their physical actions and be capable of making rational, reasonable decisions about their sexual behavior.
- This policy also covers someone whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of a so-called “date-rape” drug. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketomine, GHB, Burundanga, etc. is prohibited, and administering one of these drugs to another student for the purpose of inducing incapacity is a violation of this policy. More information on these drugs can be found at <http://www.911rape.org/>
- Use of alcohol or other drugs will never function to excuse behavior that violates this policy.

Sexual activity includes:

- Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.
- Intercourse however slight, meaning vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact).

D. Sexual Exploitation

Occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to:

- Invasion of sexual privacy
- prostituting another student;
- non-consensual video or audio-taping of sexual activity;
- going beyond the boundaries of consent (such as letting your friends hide in the closet to watch you having consensual sex);
- going beyond the boundaries of consent (such as voyeurism or secretly watching other) ;
- knowingly transmitting an STI or HIV to another student.
- Exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals;
- Sexually-based stalking and/or bullying may also be forms of sexual exploitation

E. Other Gender-Based Misconduct

1. Threatening or causing physical harm, extreme verbal abuse, or other conduct which threatens or endangers the health or safety of any person;
2. Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of gender;
3. Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another;
4. Hazing, defined as acts likely to cause physical or psychological harm or social ostracism to any person within the university community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity (as defined further in the Hazing Policy);
5. Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control or diminish another person, physically or mentally.
6. Violence between those in an intimate relationship to each other;
7. Stalking, defined as repetitive and/or menacing pursuit, following, harassment and/or interference with the peace and/or safety of a member of the community; or the safety of any of the immediate family of members of the community.

When the University has reason to believe that a violation of the sexual misconduct policy has occurred, the University will take immediate and appropriate action through the Conduct Process. The University's Conduct Process is not dependent upon the outcome of external criminal or civil procedures, and usually is not stayed by them. The University will take action over offenses by students that occur on University property or at University-sponsored events. The University will also take action over alleged violations between students that occur off campus when that off-campus conduct detrimentally affects the university community.

What to do if you are assaulted

Get to a safe place. Any student who believes sexual misconduct may have occurred is encouraged to report the matter promptly to University Police. Reporting any sexual misconduct will help University

Police to conduct an immediate and complete investigation in a timely manner. It is important that evidence be preserved at the scene of the alleged offense, for the integrity of the investigation. Any pieces of clothing, beverages, weapons, etc. should not be touched until the Police officials are on scene. Immediately after an assault, the victim should avoid bathing, washing, or going to the bathroom, if possible. It will be the responsibility of University Police personnel to place a guard at the scene of the alleged offense to ensure that no one disturbs the scene prior to the arrival of investigators.

While prompt reporting is helpful, delays in reporting are common, and Lewis University has no explicit time limit on reporting, as long as the accused student is still enrolled. If an assault is committed on campus by a nonstudent, local police and the Dean of Student Services should be notified. If an assault occurs off-campus, the local police in that jurisdiction should be notified. An on-campus complaint may also be filed for off campus conduct between students.

University Police will make the Dean of Student Services or the Dean's designee aware of any reported sexual misconduct. Resident students should report any violation of this sexual misconduct policy to a member of the Residence Life staff, to University Police, or to the Dean of Student Services.

Should a sexual offense occur on campus, the victim will need to decide whether or not to pursue the matter with law enforcement officials. If the student was assaulted by another Lewis University student, disciplinary action may follow should the victim file a University complaint. The University may also decide to take action even if the victim does not press criminal charges or file a complaint with the university.

Lewis University takes immediate steps to investigate all reported allegations of sexual misconduct and ensure the safety of victims. The University may change academic and living arrangements after an alleged sex offense, upon request. Victims have the option to changes in academic and living arrangements by contacting the Director of Residence Life or Dean of Student Services, who will also inform victims of their right to contact the police and pursue criminal charges. Victims have the right of access to campus counseling resources as well.

In a sexual misconduct case, it is the University's duty to balance privacy for the victim and the "public's right to know." In this balance, maintaining the victim's privacy is paramount. Any release of information about an alleged violation of the sexual misconduct policy will not include personally identifying information about the victim without permission.

Immunity for Victims

Although the University does not condone violations of university policies, it considers reporting assaults to be of paramount importance, and will therefore extend limited immunity to victims in order to foster reporting and adjudication of sexual misconduct. Additionally, the University will extend limited immunity to others who report violations of sexual misconduct or assist victims of sexual misconduct.

Support Services

The following Campus Victim Support Services will be notified so that they can be available to assist the victim:

1. Chief of Police
2. Director of Residence Life
3. Dean of Students
4. Director of Counseling Services
5. Director of Health Services

The Conduct Process

Once the documentation phase of the investigation is complete, at the request of the victim, the alleged offender will be referred to the conduct process. Alleged violations of the sexual misconduct policy will result in a Conduct Board Hearing. These board hearings are arranged promptly with the purpose of providing resolution of the case in a timely manner. Conduct Board hearings are conducted by a lead hearing officer, presenting officer(s), and a minimum of two hearing officers. The Board receives training in conducting hearings specifically related to sexual misconduct violations. Prior to the hearing, all parties will be advised of their rights.

Rights of the Alleged Victim

- Right to an investigation and appropriate resolution of all credible complaints of sexual misconduct made in good faith to the university
- Right to be treated with respect by university officials

- Right of both accuser and accused to have the same opportunity to have other present (in support or advisory roles) during a campus hearing
- Right not be discouraged by the University from reporting an assault to both on campus and off-campus authorities
- Right to be informed of the outcome and sanction of any disciplinary hearing involving sexual misconduct
- Right to be informed by the University of options to notify proper law enforcement, including on-campus and local police. Additionally, if the victim chooses to notify such authorities, the University will assist the victim in making contacts
- Right to available counseling, mental health or student services for victims of sexual assault, both on campus and in the community

- Right to a campus no-contact against another student who has engaged in any improper behavior that presents a danger to the welfare of the complaining student
- The right to appeal the findings of the conduct board
- Right to review all documents regarding the complaint 48 hours prior to the hearing
- Right to be informed of the names of all witness who will be called to the hearing, within 48 hours of the hearing

- Right to the complaint heard by the board members that are representative of both genders and have received sexual misconduct adjudication training
- Right to be informed in advance of any public releases of information regarding the complaint

The Office of the Dean of Students conducts Conduct Board Hearings with the purpose of examining relevant information in order to determine whether the accused student is in violation or not in violation. The hearing is conducted fairly and objectively. Conduct Board makes decisions based on preponderance of evidence. Only persons directly involved with the case and their advisors are permitted to attend the hearing.

The sexual history and character of the complainant will not be discussed in the hearing. Both the alleged victim and the alleged offender are entitled to have an advisor present during a hearing. Both the victim and the alleged offender will be informed of the outcome of the hearing and any appeals, in writing, within 48 hours of the conclusion of the hearing. If the Conduct Board determines the alleged offender to be in violation of this sexual misconduct policy, sanctions will be imposed.

Sanctions:

Lewis University will act to promptly and equitably remedy sexual misconduct. While sanctions range from warning to expulsion, suspension and expulsion must be considered for those found in violation of the non-consensual sexual intercourse policy. In acting to sanction and remedy misconduct, Lewis is

guided by the need to bring an end to discriminatory conduct, act to reasonably prevent its future reoccurrence, and to remedy the effects of the discrimination upon the victim.

This policy has been revised by the National Center for Higher Education Risk Management (www.ncherp.org). Some language used here may be from proprietary NCHERM model policies, and is used with permission. Please seek permission from NCHERM to use or adapt its materials.

Interim Actions and Long-Term Accommodations

Upon receipt of a report but prior to the resolution of an allegation of misconduct (including alleged violations of the Sexual Misconduct, Stalking, and Dating and Domestic Violence policy), the Dean of Students or designee(s) may take interim action to ensure the safety and security of the University community, University community members, or University property. The University will maintain as confidential any accommodations protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide or enforce the accommodation or protective measure.

These actions may include (but are not limited to):

- A no contact directive placed between students or between a student and another member of the University community
- Changes in academic, work, or living arrangements
- A formal request or warning that a student cease current behaviors
- Removal of privileges or suspension of activity (including attendance in a specific class or classes)
- Request that a student seek and maintain treatment for a condition that threatens the safety of the student and/or community
- Issuance of a timely warning to the University community

Interim actions may also be used in a long term manner to remedy the effects and prevent the reoccurrence of concerning behaviors in cases of alleged violations of the Sexual Misconduct, Stalking, Dating Violence and Domestic Violence policy when the reporter is not known, wishes to remain anonymous, chooses not to file a report, or specifically asks that the University not investigate, provided that the University does not perceive a responsibility to investigate to protect the safety of the campus community.

Registered Sex Offenders

In compliance with both federal and state law, Lewis University is required to issue a statement advising the campus community where information concerning registered sex offenders may be obtained and provide the name, address, birth date, place of employment, school attended, and offense to any individual on campus requesting information concerning sex offenders attending or employed by the university. Any employee, student, prospective employee, prospective student or interested college community member may request to see a specific file upon request. One must make an appointment with the Chief of Police or his designee, Monday-Friday, 9 a.m. - 4 p. m.

Additionally, the Illinois State Police maintains a list of all sex offenders required to register in the State of Illinois. This database is updated daily and can be found at: www.isp.state.il.us/sor.

In order to comply with federal and state registration requirements related to college enrollment, **a sex offender must register within three days of attendance or employment at a college by reporting in person to the University Police Department.** Students or employees who fail to register their status as sex offenders are in violation of the registration act and face arrest and expulsion from the University.

Weapons and Concealed Carry

Possession and / or use of firearms, dangerous weapons or explosive devices, including, but not limited to paint ball guns, pellet guns, BB guns and other projectile firing devices is prohibited. Use or misuse of any item in such a way that it could cause bodily harm or property damage is prohibited.

In compliance with the Illinois Firearm Concealed Carry Act (PA098-0063), any building, classroom, laboratory, artistic venue, athletic venue, entertainment venue, officially recognized University-related organization property, whether owned or leased, and any real property, including sidewalks and common areas under control of the University are considered “prohibited areas” upon which a Concealed Carry License holder shall not knowingly carry a firearm. A Concealed Carry License holder shall be permitted to carry a concealed firearm on or about his or her person within a vehicle into a parking area and may store a firearm or ammunition concealed in a case within a locked vehicle or locked container out of plain view within the vehicle in the parking area. A Concealed Carry License holder may carry a concealed firearm in the immediate area surrounding his or her vehicle within a parking lot only for the limited purpose of storing or retrieving a firearm within the vehicle’s trunk provided the license holder ensures the concealed firearm is unloaded prior to exiting the vehicle. The University does not provide firearms storage for Concealed Carry License holders. Further, a Concealed Carry License holder shall not carry a firearm while operating a University vehicle whether on or off University property.

In accordance with state statute and the Federal Law Enforcement Officer Safety Act, qualified current and retired law enforcement officers may possess firearms on University property.

Alcohol and Other Drug Policy

In compliance with the Drug Free Schools and Communities Act of 1989 (DFSCA) Lewis University has established regulations prohibiting the possession, use or distribution of any illicit drugs, and the misuse or illegal use of alcohol, on University property or as part of any University-sponsored activity. Special permission may be granted by the Senior Vice President of Student Services to permit alcohol at specific University events or facilities. Students are also subject to all applicable local, state and federal law for any offenses involving drugs or alcohol on University property or at University-sponsored activities.

Student Support

The Center for Health and Counseling Services staff may assist in assessing a student’s pattern of use/abuse. Based upon this assessment, the student will be provided with treatment recommendations which could include, but are not limited to, services on campus and/or a referral to an off-campus treatment program or licensed treatment professional. The Center for Health and Counseling Services staff will keep all information regarding alcohol and other drug use, misuse, or abuse confidential except in cases where it has been determined that there exists a serious potential and/or immediate threat to self and/or to others.

Alcohol Policy

Basic Guidelines

Students who are 21 years of age or older are permitted to possess and consume alcohol in designated residence hall rooms. Students who are of legal drinking age may not share or provide alcohol to any students or guests who are under 21 years of age. Those under the minimum legal drinking age of 21 years are not permitted to possess or consume alcohol anywhere on University property or at University-sponsored activities.

To encourage moderation for students of legal age, a maximum of two cases of beer or one liter of wine or liquor are allowed in a room at any one time. Amounts in excess of these limits will be confiscated by an appropriate University official. Large capacity containers such as: kegs, party balls, punch bowls, wine boxes, etc. are prohibited. Drinking games, and the use and/or possession of any device designed to increase speed or quantity of alcohol consumed such as bongos, funnels, or hoses are prohibited. Such devices are subject to confiscation. Showing impairment as a result of alcohol use on campus or at any University sponsored event is prohibited.

Regardless of age, no one may consume or carry open alcohol anywhere on campus including residence hall common areas. Alcohol being transported on campus must be concealed from view and packaged in a manufacturer sealed container.

In the Residence Halls

Students 21 years of age and older may possess and consume alcohol within their private residence hall rooms with the door closed. Consuming alcohol in the presence of minors is not permitted in the residence halls. The only exception to this policy is when a person of legal age is a roommate to a minor. No guests may be present in this case.

Alcohol-free living environments have been established for first year students. No student, regardless of age, may possess alcohol at any time in alcohol free residence halls.

The construction of bars and display of alcohol containers whether empty or full is not allowed.

No gatherings of more than eight people where alcohol is present are allowed at any time in the residence halls

Examples of Violations of the University Alcohol Policy:

- Purchasing alcohol by a person under the age of 21.
- Selling or providing alcohol to a person under the age of 21.
- Possessing either full [or empty] alcohol containers by a person under the age of 21.

Local Ordinances and State Statutes

The Lewis University Police Department has authority to enforce Illinois state statutes and Village of Romeoville local ordinances. Students violating state and local laws related to drugs and alcohol may be subject to arrest and criminal prosecution in addition to University student conduct action.

Parental Notification Policy

In accordance with the Family Educational Rights and Privacy Act (FERPA), the Dean of Student Services (or designee) will notify the parents/guardians of students under 21 years of age when the student is found in violation of the alcohol policy. Additionally, the Dean of Student Services (or designee) will notify parents/guardians of students, regardless of age, of any incident in which the student is in violation of the University drug policy.

University Student Conduct Process

The student conduct process seeks to provide a fair, speedy and deliberate and non-prejudiced adjudication. The goal is to provide education and better decision making on the part of the student. University alcohol policy violations and potential sanctions for violations of the policy are listed below. Conduct action dependent upon a number of factors including, but not limited to: hearing officer discretion, the nature and severity of the incident, a student's conduct history and a student's cooperation throughout the conduct process.

Falsifying Identification

Falsifying, defacing, or altering University or government issued identification for the purposes of purchasing or receiving alcohol is prohibited and could result in both criminal charges and University conduct action.

Driving Under the Influence:

The Lewis University Police Department has the authority to enforce state and local traffic laws including statutes prohibiting driving while under the influence of alcohol or drugs. Students violating these statutes could be subject to arrest and prosecution. Additionally, students will face University conduct action. A student under the legal minimum drinking age found to have any detectable amount of alcohol in his/her system could be subject to penalties under Illinois statutes including driver's license suspension.

Illegal Drug Policy

The use, possession, sale, transfer, or manufacture of any illegal drug or paraphernalia commonly associated with illegal drugs is prohibited. Illegal drugs include: illegal controlled substances, and legal controlled substances which are unlawfully possessed or distributed (such as prescription medications). Also prohibited is the misuse of over-counter medications and use of household products as intoxicants.

Examples of violations include:

- Misuse of over-the-counter drugs.
- Misuse of household products as intoxicants.
- Misuse or sharing of prescription drugs.
- Possessing, using, being under the influence of, distributing, or manufacturing any form of illegal drug.

- Possessing paraphernalia that contains or appears to contain illegal drug residue.
- Purchasing or passing illegal drugs from one person to another.
- Sale, transfer, or manufacture illegal drugs.
- Possession of cannabis.

In addition to University imposed sanctions, students are subject to criminal prosecution under federal, state and local law for any offenses involving illegal drugs on University property or at any University event.

Recognizing the need to address violations related to the use or possession of illegal drugs, the University is also committed to the education and well-being of all our students in this regard. In partnership with students, departments including Health & Counseling Services, Student Services, University Police, University Ministry and Residence Life work together to provide various alcohol and drug prevention education and awareness activities and initiatives.

Immunity for Students Seeking Assistance during Emergencies

The health, safety, and welfare of our students and community are paramount. As such, all Lewis students are expected to alert appropriate officials in the event of any health or safety emergency — specifically including those involving the abuse of alcohol or drugs — even if violations of the Student Behavioral Standards may have occurred in connection with such an emergency.

Because the University understands that fear of possible disciplinary actions may deter certain requests for emergency assistance, the University has adopted the following policy to alleviate such concerns and promote responsible action on the part of students.

In a situation involving imminent threat or danger to the health or safety of any individual(s), students are generally expected (1) to contact emergency officials by calling University Police at extension 5911 or (815) 836-5911 to report the incident, (2) to remain with the individual(s) needing emergency treatment and cooperate with emergency officials, so long as it is safe to do so, and (3) to meet with appropriate University officials after the incident and cooperate with any University investigation.

If students follow this procedure, no formal University conduct actions or sanctions will be imposed for alcohol or drug infractions. The incident will be documented, and educational, community, and health interventions — as well as contact with a student’s parents or family — may be required as a condition of deferring disciplinary actions or sanctions. The protocol does not protect repeated, flagrant, or serious violations of Student Behavioral Standards (including physical or sexual assault, violence, hazing, harassment, theft, or vandalism or instances where multiple individuals need medical attention), nor does it preclude or prevent action by police or other legal authorities.

Failure of students to take responsible actions in an emergency situation where action is clearly warranted, however, may void all protections under this provision and may lead to further conduct action when such failure to act otherwise constitutes a violation of University Behavioral Standards.

Immunity for Students Seeking Substance Abuse Assistance

The University encourages students who believe they have a substance problem to seek assistance. If a student brings his or her own use, addiction or dependency to the attention of University officials outside of the threat of drug tests or imposition of conduct action and seeks assistance, conduct action will not be pursued.

A written action plan may be used to track cooperation with any recommended treatment, evaluation or follow-up for students involved in such incidents. Failure to follow the action plan may nullify the protection from conduct action.

Alcohol and other Drug Education and Programming

Team-based Brief Motivational Interviewing & Alcohol Education Program

This program provided by the Center for Health and Counseling Services delivers alcohol education, social norms awareness, expectancy information, and harm reduction information that empowers athletes to reflect upon and create their team culture. Anonymous text-to-poll technology is used to facilitate awareness and dialogue regarding team alcohol use and impact on success.

Peer Minister Training

During fall semester, Counseling Services provides annual peer minister training that educates student peer ministers about student issues, response, intervention, and referral skills. Among topics discussed is alcohol and other drug use.

BASICS/CASICS

Brief Alcohol Screening and Intervention for College Students (BASICS) and Cannabis Screening and Interventions for College Students (CASICS) are two-session alcohol or marijuana assessments and education programs allowing Lewis students to explore their drinking/smoking behaviors and reflect on ways to reduce risky behaviors and harmful consequences of alcohol and marijuana misuse. Sessions are available for students to participate in voluntarily. BASICS or CASICS are also utilized as an educational tool for students who have violated the alcohol and other drug policy and subsequently mandated by conduct action to complete the sessions and follow recommendations by provided by the facilitator.

e-CHECKUP TO GO for Alcohol and Marijuana

Alcohol e-CHECKUP TO GO and Marijuana e-CHECKUP TO GO are free interactive surveys that provide personalized feedback about a person's alcohol or marijuana use patterns. The survey is integrated into the BASICS and CASICS sessions, providing students with immediate and comprehensive feedback regarding use patterns. Beginning with the freshmen class entering Fall of 2014, e-CHECK UP TO GO for Alcohol was encouraged for incoming students to complete and providing LU with critical information regarding patterns of use to reference for program development.

Hierarchy Rule for Multiple Offenses - When counting multiple Clery Act reportable offenses, the FBI's UCR Hierarchy Rule is applied. This rule requires that only the most serious offense be counted when more than one offense was committed during a single incident. The hierarchy rule does not apply to incidents involving Arson, Domestic Violence, Dating Violence, Stalking and any incidents involving Hate Crimes. These crimes are always counted in addition to, and regardless of the nature of, any other Clery reportable offenses that were committed during the same incident.
